

The Human Factor in Patient Safety

HEYH Future Leaders Programme

18th April – Leeds; 4th May - Sheffield
5th May – Venue TBC; 25th May – Sheffield
11th July – Sheffield; 12th July - Sheffield

The FLP faculty of Human Factors invites teams of healthcare professionals to attend these one-day training events for improved patient safety in Yorkshire and Humber. The interactive courses are inter-professional education opportunities for teams of any specialty, area, or background to explore and expand their interest and understanding of Human Factors in healthcare.

Programme

08:30 – 09:00 Coffee & registration

09:00 – 17:00 “What is meant by ‘Human Factors’?”

How ‘Human Factors’ impact on patient safety

How can ‘Human Factors’ can be managed for best effect?

Human Factors in context of healthcare initiatives such as SBAR, Checklists and Brief / Debrief

How to use this understanding to make everyday practice safer

Though applications from allied groups or teams will be prioritised, individuals are also welcome to apply for places. Please refer to the current list of event dates, and contact Chloe Anderson at chloe.anderson@yh.hee.nhs.uk to reserve spaces or check availability.
