

Networks for Improvement

Improvement Academy

Why regional networks are so important...

The Improvement Academy **Networks for Improvement** make an essential contribution to safe care systems across the region. Our networks below have developed over the past five years to reduce professional and geographical isolation for staff, and to increase connections and spread good work. They are led by healthcare clinicians and each of the networks below can describe how they have improved patient care in our region. For more information please follow the contact details below.

Regional Mortality Network

18
NHS Trusts

Who is this network for? **Mortality** leads from acute and mental health NHS Trusts in Yorkshire and Humber.

When do we meet? Quarterly.

Contact for more information: **Tasnim Momoniati**

Date set up: 2013

Improvement Fellows and National Qs

340+
Improvers

When do we meet? Quarterly network meetings.

Contact for more information: **Mel Johnson**

Date set up: 2015

Maternity and Neonatal Local Learning System

Who is the network for? All staff currently working in a **maternity** or **neonatal** unit within the region.

When do we meet? Every 3 months.

Contact for more information: **Jackie Hallam**

Date set up: 2017

Patient Experience Coaches Network

Who is the network for? Anyone interested in supporting frontline teams in their organisation to improve patient experience using the **Patient Experience Toolkit (PET)**

When do we meet? To be agreed with coaches.

Launch date: 7th December 2018

Contact for more information: **Laura Proctor**

STOP PRESS—Would you like to join the Improvement Academy as a Clinical Leadership Fellow?

Applications for our Clinical Leadership Fellows in 2019/20 are now open. Due to last year's successful recruitment of 5 Clinical Leadership Fellows, from a range of clinical backgrounds, we have opened this opportunity up again to specialist trainees, allied health professionals and senior nurses or midwives. As well as joining a fabulous team, we can offer leadership opportunities in several key **patient safety** and **quality improvement** projects aligned to your interests. For more information about our Clinical Leadership Fellows programme, click **here** and to apply click **here**.
