

Quality Improvement Training: Level 2 Practitioner for ED Resident Doctors (ST3-ST6)

1 Day Course: Monday 24th March 2025
09.00 - 16.00

Venue: Seminar Room 1, Wolfson Centre,
Bradford Royal Infirmary

Aims:

- To help you identify problems suitable for a Quality Improvement Project (QIP) (and your HST QIAT section 1 & 2).
- To equip you with the skills and knowledge required to participate in QI work now and in the future.
- To begin to put into practice some of the skills you will need to lead a QIP by ST6.

Course overview:

- You will work through the Institute for Healthcare Improvement's Model for Improvement.
- You will work together and apply what you are learning to an example ED problem.
- There will be time for reflection and planning for your own QIP.

Course requirements:

Delegates must have:

- At least a six-month timescale to run a QIP.
- An initial idea for a QIP (agreed with your supervisor).
- Opportunity/plan to hand over a project (where required).

Course structure:

- A 1 day face-to-face workshop.
- 1 hour pre-agreed mentorship from a member of the Improvement Academy QI support team with opportunity to purchase more support if required.

NOTE: participants are expected to have completed the Improvements Academy Bronze QI e-learning

This course will be delivered by:
